INDEPENDENT AUDITORS' REPORT

To the President and Members of The Students' Union and The Students' Union Council, The University of Alberta

We have audited the accompanying financial statements of The Students' Union, The University of Alberta ("The Students' Union"), which comprise the statement of financial position as at April 30, 2013, the statements of operations, changes in fund balances and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained in our audit is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of The Students' Union as at April 30, 2013, and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

Comparative Information

Without modifying our opinion, we draw attention to note 1(b) to the financial statements which describes that The Students' Union adopted Canadian accounting standards for not-for-profit organizations on May 1, 2012 with a transition date of May 1, 2011. These standards were applied retrospectively by management to the comparative information in these financial statements, including the statements of financial position as at April 30, 2012 and May 1, 2011 and the statements of operations, changes in fund balances and cash flows for the year ended April 30, 2012 and related disclosures. We were not engaged to report on the restated comparative information, and as such, it is unaudited.

STATEMENT OF ADMINISTRATIVE RESPONSIBILITY FOR FINANCIAL REPORTING

The administration of the Students' Union, the University of Alberta (the "Students' Union") is responsible for the preparation and for the integrity and objectivity of the accompanying financial statements and the notes thereto. The administration believes that the financial statements present fairly the Students' Union's financial position as at April 30, 2013 and the results of its operations for the year then ended.

The financial statements have been prepared in accordance with generally accepted accounting principles. Where alternative accounting methods exist, those deemed most appropriate in the circumstances have been chosen. Financial statements are not precise, since they include certain amounts based on estimates and judgments. Such amounts have been determined on a reasonable basis in order to ensure that the financial statements are presented fairly in all material respects.

In fulfilling its responsibilities and recognizing the limits inherent in all systems, the administration has developed and maintains a system of internal control designed to provide reasonable assurance that the Students' Union assets are safeguarded from loss and that the accounting records are a reliable basis for the preparation of financial statements.

The Students' Council carries out its responsibility for review of the financial statements principally through its Audit Committee. This committee meets regularly with administration and with external auditors to discuss the results of audit examinations and financial reporting matters. The external auditors have full access to the Audit Committee with and without the presence of the administration. The Students' Council of the Students' Union, the University of Alberta has approved the financial statements.

The financial statements for the year ended April 30, 2013 have been audited and reported on by KPMG LLP whose report outlines the scope of their audit and presents their opinion on the financial statements.

THE STUDENTS' UNION, THE UNIVERSITY OF ALBERTA
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
YEAR ENDED APRIL 30, 2013 WITH COMPARATIVE FIGURES FOR 2012

1. ACCOUNTING POLICIES

The consolidated financial statements have been prepared by management in accordance with Canadian Accounting Standards for Not-For-Profit Organizations in Part III of the Canadian Institute of Chartered Accountants ("CICA") Handbook (the "Not-For-Profit Standards").

a) Nature of Operations

The Students' Union, The University of Alberta (the "Students' Union") is incorporated under the Post Secondary Learning Act of Alberta. The Students' Union is tax exempt with respect to corporate income taxes under S.149(1)(h.1) of the Income Tax Act. According to the Post Secondary Learning Act, The Students' Union is to provide for the administration of the affairs of the students at the University of Alberta, including the development and management of student institutions, the development and enforcement of a system of student law and the promotion of the general welfare of students consistent with the purposes of the University of Alberta. As such, The Students' Union represents approximately 41,000 undergraduate, full-time, part-time and inter-session students at the University of Alberta. The mission of the Students' Union is to be an organization for students which represents students in an effective and accountable manner, provides programs and services that meet the needs of students, enhances the image of both the University of Alberta and its students in the greater community, provides opportunities for the interaction and personal development of students, and fosters a sense of spirit and community on campus.

b) Basis of presentation

The consolidated financial statements include the accounts of the Students' Union and the Students' Involvement Endowment Foundation, a controlled organization incorporated under the Societies Act of Alberta that is involved in the management of investments and the administration of student awards. All significant inter-organizational balances and transactions have been eliminated on consolidation.

On May 1, 2012, the Students' Union adopted Canadian Accounting Standards for Not-For-Profit Organizations in Part III of the CICA Handbook. These are the first consolidated financial statements prepared in accordance with the Not-For-Profit Standards.

In accordance with the transitional provisions in the Not-For-Profit Standards, the Students' Union has adopted the changes retrospectively, subject to certain exemptions allowed under these standards. The transition date is May 1, 2011 and all comparative information provided has been presented by applying the Not-For-Profit Standards.

A summary of transitional adjustments recorded to fund balances and excess of revenue over expenditures is provided in note 9.

1. ACCOUNTING POLICIES (continued)

c) Inventories

Merchandise inventories are valued at the lower of cost and net realizable value. Cost is determined on a first-in, first-out basis. Net realizable value is defined as selling price less cost to sell.

d) Capital Assets

Capital Assets are recorded at cost.

Management provides for amortization using rates designed to amortize the cost of the capital assets over their useful lives. The annual amortization rates and methods are as follows:

Furniture and office equipment	20%	Declining Balance
Computer equipment	30%	Declining Balance
Leasehold improvements	20%	Declining Balance
Students' Union interest in Building and improvements	50 years	Straight Line

Amortization is recognized as an expense in The Students' Union statement of operations. The art collection is not subject to amortization.

e) Revenue Recognition

The Students' Union follows the restricted fund method of accounting for contributions, including student fees not related to health and dental.

The restricted fund method of accounting for contributions is a specialized type of fund accounting that involves the reporting of details of financial statement elements by fund in such a way that the organization reports total general funds, one or more restricted funds, and an endowment fund, if applicable.

The following definitions relate to the restricted fund method of accounting for contributions:

- (i) A restricted fund is a self-balancing set of accounts the elements of which are restricted or relate to the use of restricted resources. Only restricted contributions and other externally restricted revenue are reported as revenue in a restricted fund. The Students' Union's restricted funds are comprised of its externally restricted funds and the Student Involvement Fund, which represents the activities of the Student Involvement Endowment Foundation.
- (ii) A general fund is a self-balancing set of accounts which reports all unrestricted revenue and restricted contributions for which no corresponding restricted fund is presented. The fund balance represents net assets that are not subject to externally imposed restrictions. The Students' Union's general funds are comprised of its unrestricted and internally restricted funds.

1. ACCOUNTING POLICIES (continued)

- (iii) An endowment fund is a self-balancing set of accounts which reports the accumulation of endowment contributions. Only endowment contributions and investment income subject to restrictions stipulating that it be added to the principal amount of the endowment fund are reported as revenue of the endowment fund. The Students' Union does not have any endowment funds.

Restrictions are stipulations imposed that specify how resources must be used.
Restrictions on contributions may only be externally imposed.

There are three types of contributions identified for purposes of these financial statements:

- (i) A restricted contribution is a contribution subject to externally imposed stipulations that specify the purpose for which the contributed asset is to be used.
- (ii) An endowment contribution is a type of restricted contribution subject to externally imposed stipulations specifying that the resources contributed be maintained permanently, although the constituent assets may change from time to time.
- (iii) An unrestricted contribution is a contribution that is neither a restricted contribution nor an endowment contribution.

Investment income is recognized as revenue when it is earned.

Revenues from the sale of goods or provision of services, including student fees related to health and dental, are recognized as the goods or services are provided, when revenue amounts are fixed or reasonably determinable and ability to collect such amounts is reasonably assured.

f) Financial instruments

Financial instruments are recorded at fair value on initial recognition. Freestanding derivative instruments that are not in a qualifying hedging relationship and equity instruments that are quoted in an active market are subsequently measured at fair value. All other financial instruments are subsequently recorded at cost or amortized cost, unless management has elected to carry the instruments at fair value. The Students' Union has elected to carry its investments at fair value.

Transaction costs incurred on the acquisition of financial instruments measured subsequently at fair value are expensed as incurred. All other financial instruments are adjusted by transaction costs incurred on acquisition and financing costs, which are amortized using the straight line method.

THE STUDENTS' UNION, THE UNIVERSITY OF ALBERTA
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
YEAR ENDED APRIL 30, 2013 WITH COMPARATIVE FIGURES FOR 2012

1. ACCOUNTING POLICIES (continued)

Financial assets are assessed for impairment on an annual basis at the end of the fiscal year if there are indicators of impairment. If there is an indicator of impairment, The Students' Union determines if there is a significant adverse change in the expected amount or timing of future cash flows from the financial asset. If there is a significant adverse change in the expected cash flows, the carrying value of the financial asset is reduced to the highest of the present value of the expected cash flows, the amount that could be realized from selling the financial asset or the amount The Students' Union expects to realize by exercising its right to any collateral. If events and circumstances reverse in a future period, an impairment loss will be reversed to the extent of the improvement, not exceeding the initial carrying value.

g) Long lived assets

Long lived assets are composed of capital assets. Long lived assets held for use are reviewed for impairment when certain events or changes in circumstances indicated that the carrying amount of an asset may not be recoverable. The recoverability test is performed using undiscounted future net cash flows that are directly associated with the asset's use and eventual disposition. The amount of the impairment, if any, is measured as the difference between the carrying value and fair value of the impaired assets and presented as an additional current period amortization charge.

During the year, no events occurred that caused management to review long-lived assets for impairment.

h) Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities, at the date of the financial statements and the reported amounts of revenues and expenses during the year.

Significant items subject to such estimates and assumptions include the carrying amount of capital assets. Actual results could differ from these estimates.

YEAR ENDED APRIL 30, 2013 WITH COMPARATIVE FIGURES FOR 2012

2. FINANCIAL RISKS AND CONCENTRATION OF CREDIT RISK

a) Financial risk:

The Students' Union manages its investment portfolio to earn investment income and invests according to a Statement of Investment Policy approved by The Board. The Students' Union is not involved in any hedging relationships through its operations and does not hold or use any derivative financial instruments for trading purposes.

Given the significance of the Students' Union's investments, it has significant exposure to market risks from changes in interest rates, market prices and currency changes. The Students' Union does not use derivative instruments to alter the effects of market, interest or foreign exchange fluctuations which affect its investments.

b) Liquidity risk:

Liquidity risk is the risk that The Students' Union will be unable to fulfill its obligations on a timely basis or at a reasonable cost. The Students' Union manages its liquidity risk by monitoring its operating requirements. The Students' Union prepares budget and cash forecasts to ensure it has sufficient funds to fulfill its obligations. Accounts payable and accrued liabilities are generally repaid within 30 days. There has been no change to the risk exposures from 2012.

Additionally, The Students' Union believes it is not exposed to significant liquidity risk as most investments are held in instruments that are highly liquid and can be disposed of to settle commitments. The fixed income securities yield interest between 2.4% and 6.7% and have maturities ranging from June 2013 to April 2020.

c) Credit risk:

Credit risk relates to the possibility that a loss may occur from the failure of another party to perform. The Students' Union is exposed to credit risk with respect to the accounts receivable and grant receivable. The Students Union assesses, on a continuous basis, accounts receivable and provides for any amounts that are not collectible in the allowance for doubtful accounts.

For grants receivable, the Students' Union assesses, on a continuous basis, amounts receivable giving consideration to amounts it is likely to receive based on estimated realizable value.

d) Interest rate risk:

The Students' Union is exposed to interest rate risk on its fixed and floating interest rate financial instruments. Fixed-rate instruments subject the Students Union to a fair value risk while the floating rate instruments subject it to a cash flow risk. The Students' Union is exposed to this type of risk as a result of investments in bonds and mutual funds. However, the risk associated with investments is reduced to a minimum since these assets are largely invested in government securities.
