The University of Alberta and the University of Alberta Students' Union occupy Indigenous land in amiskwaciwâskahikan (Beaver Hills House), on Treaty 6 territory. From time immemorial, the banks along the river valley have been known as the Pehonan, a meeting place for the nêhiyawak (Cree), the Niitsitapi (Blackfoot), Métis, Dènesųłíné (Dene), Ojibway/Saulteaux/Anishinaabe, Haudenosaunee and others. The University, the Students' Union and much of the city are located on the unlawfully stolen land of the forcibly removed Papaschase Cree.

We acknowledge that sharing this land gives each of us the responsibility to research the historic contexts of Treaty 6, to reflect on our personal relationships to the land, the Nations we've named, and to our roles in upholding justice on this territory. Since they began, the Students' Union and the University have benefited from historic and ongoing dispossession of land and resources from Indigenous Peoples. As a result, it is our responsibility to seek the restitution of this land and its resources. Finally, we seek to do better by working to make our learning, research, and governance align with the histories, languages, teachings, and cultures of First Nations, Métis, and Inuit Peoples in the land presently occupied by the Canadian state.

We encourage critical reflection by asking the following question. In relation to the territory on which you are situated, what role do you play in strengthening the resistance and resurgence of Indigenous students within your communities?

Nomination

I nominate myself, Jillian Aisenstat to Bylaw Committee for the 2023-2024 mandate. I believe that I am well suited for this position as I have been elected twice as an executive member of a student group. Therefore, I have a profound understanding of the UASU bylaws and how they affect students and student groups. Furthermore, I have participated in three elections and would like to contribute to drafting the referendum and plebiscite questions for next year. I am also going into my third year with a minor in political science so I would be very interested in drafting new bylaws and amending existing ones.

The principles and goals set forth by the political policies of the University of Alberta Students' Union are the fundamental to the advocacy the Union does on behalf of students.

The reason why the Policy Committee interests me is because I believe it is a crucial part of fulfilling my role as councilor, to "promise to make decisions with their interest in mind".

Consultation with students and being responsive to the realities we face is necessary in crafting good political policy, and the passion I hold for my peers and community is what I can offer to the committee.

Representing the interests of students is crucial to the efforts of the Union in its advocacy efforts, and good political policy setting forth the aims of students' welfare is important. Listening and being responsive to the needs and interests of students and accurately reflecting their concerns through political policy is necessary for the function of this organization. If chosen to act on behalf of students in the Policy Committee, I promise to ensure that political policies reflect the needs of students and ensure diligence in the review of policies and the effectiveness of policy activities.

I thank you for your consideration.

Communities on campus are essential to providing students spaces where they feel welcomed and belonging. Ensuring such communities are held to a standard that ensures equitable and respectful participation is of great importance to me as a councilor.

The reason why the Student Group Committee interests me is because of my experience as a participant of student groups and an interest in promoting community on campus.

Student groups provide an environment where one can find camaraderie in a common interest, passion, or topic. Ensuring that student groups are overseen and heard serves to promote the welfare of the students we represent.

As an executive for student groups, Vice-President Outreach of the University of Alberta Debate Society and Deputy Leader of the Opposition of the Alberta Youth Parliament: UofA Chapter, ensuring such communities are in line with regulations and expectations set forth is something I have experience in. Ensuring that members are treated with dignity and respect is crucial to providing community on campus.

The need for student groups on campus means ensuring that such communities are held to a standard of conduct. Oversight and discipline when needed is crucial to ensure that the students we represent feel welcomed and belonging on campus. As well, the Student Group Committee must ensure that relevant bylaws work for students and student groups. If chosen to act on behalf of students in the Student Group Committee, I promise to contribute towards proper oversight and support for student

groups.
I thank you for your consideration.

Body Being Nominated To Council Administration Committee

Nomination

Good governance means students deserve a well-functioning and representative Students' Council. In order to achieve such aims, I believe being a part of the Council Administration Committee would contribute to such a goal.

The way that council is set up and operates is important to the success of the council, and in turn the representation of students. A successful council means successful representation, and the Council Administration Committee must ensure that council operates to its greatest potential.

The Council Administration Committee must ensure that the council is an inclusive and effective space where all are given the dignity and respect they deserve. These fundamental principles are necessary for the retention of members of Students' Council. When we have councilors not feel welcomed in this council, we are not only isolating them but the students they represent.

The retention of members elected to council is important, as well as ensuring that vacant council seats and committee seats are filled. The more input we have from students, and ensuring that all segments of the student body are represented, contributes to a stronger Union and more representative Council. If chosen to act on behalf of students in the Council Administration Committee, I promise to contribute to the strengthening of the Council we serve on. Exploring initiatives, reforms, community engagement, and council strengthening events are topics that the Council Administration Committee must explore for a stronger Students' Council.

I thank you for your consideration.

Body Being Nominated To Bylaw Committee

Nomination

Good governance requires good legislation, and serving on behalf of students as part of the Bylaw Committee is where I believe I can effectively utilize my time as a councilor.

The reason why the Bylaw Committee interests me is because of my experiences in regards to drafting and interpreting legislation as part of extracurricular activities.

My years in Model United Nations have given me the opportunity to draft legislation after internalizing different perspectives and ideas for a body of delegates to approve. Being able to navigate complex issues and pass legislation to accomplish aims set forth by a body are skills that can be applied for the benefit of this committee.

My experience in the Alberta Youth Parliament: UofA Chapter has furthered this experience. The debate and proceeding amendments from discussion of legislation is an experience that can be translated for the benefit of this Council and the Bylaw Committee. My experience as a participant, and now executive, of the Alberta Youth Parliament provides the legislative experience needed for the stewarding of UASU Bylaws.

The need for good bylaws, and clear referendum and plebiscite questions, is crucial to the function of the UASU and the benefit of students we represent. As we are representatives, we are stewards of the bylaws that regulate our governance. If chosen to act on behalf of students in the Bylaw Committee, I promise to diligently legislate the original intent of bylaws, referendum, and plebiscites put forth before council.

I thank you for your consideration.

I wish to nominate myself, Megan Garbutt, for one of the five councillor seats on the Audit Committee. There are three main reasons that I am interested in joining the Audit Committee. First, I want to push myself outside of my comfort zone, as being a committee member on the Audit Committee is significantly different from my previous and current roles, and I would love the opportunity to enhance my repertoire. Secondly, I have an underlying interest in auditing that I would like to explore further in this committee. Finally, I recognize the importance of, amongst other things, holding SRAs and the executive team accountable. I believe that I would be a valuable addition to the Audit Committee as I am extremely organized, I have a notable attention to detail, I am a quick learner, and I am willing to go above and beyond to ensure that my job is always done well. Finally, I would approach this role with a willingness to adapt to the nuanced environment by learning and listening to other committee members to ensure that I am performing this role to the best of my ability. Hello,
I believe that I will be able to effectively perform the duties required as a member of the policy committee for the reason that I have attained significant experience in drafting policies and recommending policies to the Mayor while serving as a member of the City of Edmonton Youth Council. I am further motivated to join the policy committee for the reason that as a councilor I would gain the opportunity to guide the advocacy efforts of the SU executives. I could expand the role of the policy committee by supporting the executives in their advocacy goals. As a result of serving on the policy committee I will be able to develop the skill of policy writing and learn more about the Student Union policy activities. I aim to push for more action regarding the transit policy, campus safety and delve deeper into the tuition policy.
